2007
PETITE SIRAH
SANTA BARBARA COUNTY

Both the 2007 and 2008 Petite Sirah from Santa Ynez are powerful wines. The tight, dense purple-colored 2007 has shut down after bottling, but it appears set for a long life of 15–20 years. While closed, it reveals hints of flowers, blueberries, and black currants, and a boatload of tannin to shed. This cuvée is for patient connoisseurs only. ~ Robert M. Parker, Jr.
