2007
REVELATION
SANTA BARBARA COUNTY

The
WINE
ADVOCATE

The tasty 2007 Revelation (55% Syrah, 35% Grenache, and 10% Petite Sirah) is a sexy, seductive, dark ruby/purple-tinged wine offering copious wild berry fruit intermixed with forest floor and damp earth notes, silky tannins, and a round, luscious style. Already irresistible, it should continue to drink well for 3-4 years. This is the type of blend that more Central Coast wineries should be producing. ~ Robert M. Parker, Jr.
